

### **What's a Dog to Do in Napa?**

We can't really say we've gone to the dogs since The Westin Verasa, Napa has always welcomed K9 travelers. Make no bones about it: we pamper pooches with amenities such as custom-designed luxurious dog beds with miniature Heavenly Bed duvets by [Eloise Pet Accessories](#), plus other touches that will have pets feeling as welcome as their owners.

In Napa, K9s with a yearning for the finer things in life can embrace the Wine Country lifestyle. The Westin is located just two blocks from Downtown Napa and next door to the Oxbow Public Market, with plenty of café patios from which to take in the scenery.

To make trip planning easy for our four-legged friends we've put together a list of favorite dog friendly attractions, eateries and wineries.
